

Meet Willie Millionaire of Atlanta Hit Makers, the booty shake king of the south!

Atlanta, Georgia Apr 4, 2022 (Issuewire.com) - From TV/radio personality to musician Willie Millionaire is currently the host of the hit TV / Roku show Atlanta Hit Makers. This show was created by Willie solely to promote independent artists with dope music videos. We are the #1 Independent music video count down in the world! Willie has won several awards for his work on the show including record-breaker of the year and VJ of the year. There is a monthly showcase that Willie runs every month called Star Search where we go to different cities, and put on artist showcases to find the next up-and-coming superstar. Willie has had radio shows on various radio stations, most recently being Black Inc Radio, Epoch Radio, the 105.7 Phaze, and currently on 420 lit radio. Willie can also be seen in the popular web series Atlanta's Ugly which has a fan base of 4 million viewers.

Willie's latest venture into music produced his latest single " She A Pro " which is currently ascending up the charts! When asked about his motivation to make music, Willie simply states " I just wanted to make something with ALOT of energy, to make people dance and this is what was created! " Willie says " I have a lust to be the greatest musician of all times and it shows in my passion for writing and performing, which is the art of painting the picture through music." I'm addicted to the energy that I receive for making music that people want to dance to or could inspire anyone to do something great. Currently, Willie is working on his debut album.

Part of the future I see for myself in this industry, well to be honest I see myself as an entertainment powerhouse in the next 2 to 3 years! I own a Roku channel called Million Dollar Productions, where we

feature music videos of the hottest independent artist, interviews, and freestyles. My channel also features sitcoms, movies, and advertisements from up-and-coming content creators. I'm writing scripts, I'm acting, and I'm also heavy on the studio side as an engineer. I'm looking for talented artists, actors, directors, etc. I am entertainment and I take that statement seriously and stand on it! I'm excited to build the Million Dollar brand into a household name known for good music, films, and so much more.
