

Michael J. Belton, DDS, MD, an Oral and Maxillofacial Surgeon with Center for Oral, Facial and Implant Surgery

Get to know Oral and Maxillofacial Surgeon Dr. Michael J. Belton, who serves patients in Corona, California.

New York, New York City, Oct 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - A top professional in the field of oral and maxillofacial surgery, Dr. Belton lends his skills and expertise to serve patients at the Center for Oral, Facial, and Implant Surgery.

With over 25 years of experience, he specializes in the full range of oral surgery, from wisdom tooth removal to corrective jaw surgery. He can also diagnose and treat facial pain, facial injuries, and TMJ disorders, and perform a full range of dental implant and bone grafting procedures.

Pertaining to his educational pursuits, Dr. Belton earned his Doctor of Dental Surgery degree and Doctor of Medicine degree from Case Western Reserve University Schools of Dentistry and Medicine and completed his residency in oral and maxillofacial surgery at Martin Luther King Jr./Charles R. Drew Medical Center. Later, he completed his preliminary internship in General Surgery at Fairview General Hospital of the Cleveland Clinic and finally a one-year fellowship at the Kaiser Permanente Foundation Hospital of Los Angeles in Orthognathic and Maxillofacial Reconstructive Surgery.

An authority in his field, the doctor is board-certified in oral and maxillofacial surgery by the American Board of Oral and Maxillofacial Surgery (ABOMS). The ABOMS is the certifying board for the specialty of oral and maxillofacial surgery in the United States and is recognized and approved by the Council on Dental Education of the American Dental Association.

In his professional experience, Dr. Belton serves on staff at RC Dental Care in Rancho Cucamonga, California, as well as San Antonio Regional Hospital in Upland, California.

In good standing with a number of professional organizations, he is an active member of the American Association of Oral and Maxillofacial Surgeons, the California Association of Oral and Maxillofacial Surgeons, and the American Dental Society of Anesthesiology.

Oral and maxillofacial surgery specializes in surgery of the face, mouth, and jaws. It is an internationally recognized surgical specialty. Oral and maxillofacial surgeons are dental specialists who treat conditions, defects, injuries, and esthetic aspects of the mouth, teeth, jaws, and face. Their training involves a four-year graduate degree in dentistry and the completion of a minimum four-year hospital surgical residency program.

Recognized for his dedication to his field, Dr. Belton has been the recipient of the Top Inland Empire Dentists in 2012 by Inland Empire Magazine, and Top Dentists in 2018 by Top Dentists Magazine.
