

New SEO Agency Built To Last SEO Launched In London

United Kingdom, London, Oct 13, 2021 ([Issuewire.com](https://www.issuewire.com)) - New SEO Agency Built To Last SEO Launched In London

Today, most businesses are going digital, given the millions of customers available in the online space. However, a majority still struggle to find a space in the digital market. The UK has one of the most advanced e-commerce markets in the globe. According to the Office of National Statistics, in 2019, the e-commerce revenue in the UK amounted to 693 billion GBP. In 2019, UK consumers spent approximately [200 billion](#) on online shopping.

However, despite e-commerce growing that first in the UK, most small and upcoming businesses are still struggling to find online visibility and market their brands online. [Built To Last SEO Agency is now launched in London, the UK](#) to help these startups tap into digital marketing. The SEO agency is now offering top-rated SEO services to most London business owners.

Small businesses that look forward to marketing their products and services online can now count on Built To Last SEO to promote their brands. The company has invested in the right technology and an SEO specialist team providing a wide range of SEO services. The SEO agency's services include link building, page optimisation, SEO copywriting, quality lead tracking, and SEO consultancy.

Speaking in one of their product promotions, the company's CEO said, "Built To Last SEO has a team of experienced marketers and technologists who are committed to taking your business up the ladder. We tap into some of the best SEO practices to ensure your websites and business appear on top of search engines like Google and Bing. We not only assure you quality services but also a listening ear to all your SEO problems. Our team will engage you in coming up with perfect solutions to all your SEO problems."

The company is founded by Shirish Agarwal and Joydeep Bhattacharya. The founders have over 20+ years of SEO marketing experience combined. Joydeep is also the author of the [SEO Sandwich blog](#) and has been a regular contributor to leading industry publications like SEMrush and Search Engine Watch.

Making business appear on top of SERPs is not that easy. Sometimes you may lack the necessary skills to make your website mobile-friendly, reduce loading time, custom a unique landing page, and increase user experience. You need to surrender all these to a dedicated team 24/7 to make your ecommerce stay ahead of your competition. Built To Last SEO creates, manages, and optimises Google My Business Listings to improve visibility.

"In every SEO campaign, you should start with on-page optimisation. Focus more on meta tag optimisation, heading tags, and optimising your content when doing this. At Built To Last SEO, we have an experienced team of copywriters to do this work for you. We do extensive keyword research to find the most appropriate keywords for your business and use this to make your landing pages unique. We understand that content is king if you want to rank at the top of Google results. That is why we create top-quality content to the best of our knowledge to assure you conversions, traffic, and high rankings," added the company's CEO.

You can reach the company's support desk for any inquiries, and all your issues will be addressed on time.

When you visit the Built To Last SEO website, you can discuss your marketing goals with the team. They have a team of marketing specialists who listen and help you customise a marketing strategy to beat your competitors in ranking, leads, and conversions.
