

Resumod Launches a Brand-New Free Resume Builder For Professionals

Resumod.co is an AI based resume builder that can transform your existing resume and LinkedIn profile into a dashing new resume within minutes.

Uttar Pradesh, Noida, Oct 2, 2021 ([IssueWire.com](https://www.issuewire.com)) - India's one of the first indigenous resume building apps, Resumod is consistently working to evolve how Resumes are created by giving more power to job-seekers. Recently, Resumod launched its upgraded builder – app.resumod.co – with new world-class formats. The five innovative formats offered in unlimited colors make the builder's the first choice for both students and professionals.

The new builder is an assortment of both premium and free services and offers some industry-first features like content suggestions and bullet point suggestions based on the job title. This new feature massively saves its users' time as the intelligent tool lets them know what they can write for their role.

With a great focus on making the job application process easier, Resumod gives its premium users a "permanent link" to the resume which they can directly share with the builder. To further simplify the resume-building process, [Resumod](#) 2.0 is working on new features and plans to introduce them soon. Other features that come with the upgraded builder include a live preview and an option to download ATS-friendly versions.

Apart from the Builder, Resumod has a career blog and over 300 samples on its site to help users with anything related to career and resumes.
