

SEO guru Kumar Gaurav launches consultant services and free tools

SEO BY KG
BETTER YOUR SEO

Delhi, New Delhi, Oct 12, 2021 (Issuewire.com) - A new online service launched by the popular SEO guru, [Kumar Gaurav](#), is aimed at helping businesses with their search engine optimization. The newly announced service will offer a variety of consulting and digital marketing services for any company that needs help reaching their potential customers through web traffic.

These services include many different kinds of consultant services such as technical SEO, keyword research, content landscape creation, pr, content marketing and more.

In addition to offering these paid services for companies looking to improve online visibility in order to bring in more revenue from customer visits, he has also released an official website "[SEO By KG](#)" which allows users to some [free SEO tools](#) to see how well they are doing in their SEO efforts.

The site comes with a handful of free SEO tools that can be used by any company or individual who wants better rankings in Google and Bing. With this new venture, the famed SEO expert is making it easy for anyone to do what he does best--help companies rank higher in search engines without having to spend money on expensive agencies!

Kumar Gaurav is a well-known India-based [SEO consultant](#) and digital marketing expert. He offers clients an initial free consultation with the hopes of increasing organic traffic and conversions. The service is available to all businesses and niches.

Gaurav says that there are many companies looking for help on their online presence but not enough experienced consultants to go around. This has led to less than satisfactory results for some businesses trying to find the right partner in search engine optimization (SEO).

"I want my consultancy service to be one where I am able to offer people an outstanding experience," said KG, "To do so successfully, I need more time."

Kumar has delivered business-changing results for companies in both B2B and B2C space. Now, wants to help small businesses achieve their potential via organic channels.
