Obstetrics and Gynecology is a broad and diverse branch of medicine that encompasses two subspecialties: obstetrics (covering pregnancy, childbirth, and the postpartum period) and gynecology (covering the health of the female reproductive system). Obstetrician-gynecologists (OB/GYN) are physicians who possess special knowledge, skills, and professional capability in the medical and surgical care of the female reproductive system and associated disorders. This enables them to serve as consultants to other physicians and as primary physicians for women.

On a more personal note, Dr. Villamor is fluent in English and Tagalog.
