

SolonTek Announces Domestication in Delaware

North Carolina, Fayetteville, Oct 11, 2021 ([IssueWire.com](https://www.IssueWire.com)) - On January 25, 2021, the SolonTek shareholders and board members approved a resolution to domesticate in Delaware.

"This decision makes sense as we expand throughout the United States beyond North Carolina. We are in the process of not only moving to Delaware but keeping our North Carolina offices, and we are also in the process of opening offices in Florida and California. We do not expect any impact to clients, VALKERIE™ users or partners." - Sara Spencer - CEO

SolonTek chose to move to Delaware because of Delaware's corporate experience and corporate law. Corporate attorneys are more familiar with Delaware business law and many of SolonTek's clients, alliances, and partners prefer to do business based on Delaware law.
