

## **Sustainable New Fashion Brand Creates Personalised Clothing**

Tigers 'Til Tuesday - Clothing with a secret past, with added personality. Sustainable and unique fashion pieces with hand sewn personalisation options.

**Kent, Whitstable, Oct 26, 2021 ([IssueWire.com](http://IssueWire.com))** - Tigers 'Til Tuesday is a sustainable, creative clothing brand, repurposing military surplus to create individual items of clothing for men and women.

Add your own personalisation with our hand-sewn patches to make your piece truly unique. We add bursts of colour and eye-catching details. Add your own slogan in multi, red, gold, or black lettering.

We love the fact that these items are all individual pieces with a secret past - and we hope you will too.

Shirts, jackets, coats, and jumpsuits. Perfect for layering for the autumn/winter season. Fun festival wear or just for the school run.

***High res lifestyle and cut-out images are available. Product loans on request. Happy to create something specifically for your article/shoot.***

Based in Kent, UK.

Tigers 'Til Tuesday sells via the website and has recently joined ASOS Marketplace.
