Abu Dhabi, UAE, 5th November 2021. NFT Workx, a specialist NFT Services company that represents professional Sports Clubs, Artists, Photographers, and Athletes from around the world, today announces the launch of Rami Abdin's first NFT Drop 'Iconic Landmarks of Abu Dhabi'.

Rami Abdin is a professional photographer and videographer, born in Abu Dhabi UAE, where he still lives today. "This is my first NFT collection which is focused on my passion for iconic landmarks in Abu Dhabi. When it comes to my photography, I have a real passion for cities, landscapes, travel, and wildlife photography from around the world but especially in my home city. I have my own dedicated studio where I enjoy animating my photos and making them into digitalized animated artwork and this is what led me to this NFT project.." said Rami Abdin.

The NFT Collection includes 5 unique and animate photos of some of Rami's favourite landmarks including the Sheikh Zayed Grand Mosque (by day and night), the Louvre Museum, the Founder's Memorial, and the Abu Dhabi Skyline. The NFTs are being sold as an a1/1 collection means that the

buyer of these exclusive and iconic landmarks will not only receive the full resolution digital file but they will also receive a signed 1/1 framed print that will be posted personally by Rami himself. Rami is already working on his next NFT projects which will be launched over the coming months.

Today's announcement is yet another example of how Abu Dhabi and the UAE are again at the forefront of these new and exciting blockchain-based projects. With the significant growth and recent popularity around NFTs expected to continue.

"Representing an artist and photographer of this quality fits perfectly within our new, but growing portfolio of clients and was an absolute no-brainer for us. We really believe in Rami's work and his passion, creativity, and vision for these projects are really exciting" said Adam Leese, Co-Founder of NFT Workx.
