

Alex Stein Rates Eight Out of Ten on Panda Express Plant-based Food in New Video

Alex Stein, a conspiracy theorist from Conspiracy Castle, gives his opinion on Panda Express Plant-based food. Beyond Meat Plant-Based Orange Chicken was reviewed and rated on Conspiracy Castle's new food review video.

Los Angeles, California Nov 25, 2021 (IssueWire.com) - Panda Express's "Beyond The Original Orange Chicken" is back starting October 27. Alex Stein from Conspiracy Castle provides this plant-based Orange Chicken food a review and rating at the end of the video. In an eight-minute food review video, Alex tried the tastes with his unique style and explanation. *"Let's be honest, you know, Panda Express is sketchy at best. But look at this, look at that, that's fake meat. It tastes exactly the same as original meat. In my opinion."* said Alex Stein from Conspiracy Castle. Eventually, at the end of the review, he said, *"They just beat that this is an eight out of ten."* Please Check Alex Stein's Beyond The Original Orange Chicken rating on the following YouTube video: <https://youtu.be/HIIB9ilH9qE>.

Beyond The Original Orange Chicken has become a popular item on the food menu available on Panda Express, a family-owned restaurant business. The menu is available at only participating Panda Express restaurants across the USA. Beyond The Original Orange Chicken offers the taste of The Original Orange Chicken and an irresistible texture. It also provides nutritional advantages of plant-based protein. In addition, Beyond The Original Orange Chicken has slightly less salt, calories, and cholesterol, this plant-based food is being advertised as healthy food, and it's made from peas and fava beans.

Plant-based food is an alternative food to serve a growing population sustainably. Beyond The Original Orange Chicken is an innovative food and realistic re-creation of the Original Orange Chicken. It tastes like original meat and has a texture that looks very close to the original. Beyond The Original Orange, Chicken nuggets are deep-fried, then they're wok tossed with the tangy-sweet sauce.
