

EXIM Anything - A Revolutionary Export-Import Service Platform

Mohali, Punjab Nov 23, 2021 ([Issuewire.com](https://www.Issuewire.com)) - EXIM Anything is a revolutionary **export-import service** platform that aims to change the international trade landscape. The platform provides complete import-export solutions to exporters and importers worldwide.

Managing Director, EXIM Anything "There are a lot of documentation and red tape formalities that seem daunting for new exporters or importers. The idea behind EXIM Anything is to make international trade simple for new and experienced traders. For new traders, we are offering door-to-door EXIM services and delivering international products directly on their doorsteps. With EXIM Anything, we aim to deliver our customers a hassle and stress-free international trade experience. By the year 2025, we intend to eliminate the middleman and make international trade easier and affordable for everyone."

Marketing Head at EXIM Anything "Currently, our marketing team is promoting Exim Anything on all social media platforms and planning on how to reach our target audience faster. Daily our support team is getting 2-5 import and export-related inquiries which is a good start for our new business. From the starting month, we are launching paid media campaigns to increase awareness about our revolutionary import-export service platform."

Project Manager IT Team at EXIM Anything "Our IT team is currently adding new features to the EXIM Anything website and making it more user-friendly. We take feedback about the website from our customers and understand what issues they are facing while navigating through the website. The development team is working on the EXIM Anything mobile application, and we are planning to launch it soon."
