

Expert Kinetic Stretch Innovator and Coach Joins SportsEdTV As Senior Contributor

Andrea Kushman, Cultivate Movement Principal Provides Mobility Coaching for Athletes

Miami, Florida Nov 11, 2021 ([Issuewire.com](https://www.issuewire.com)) - [SportsEdTV](https://www.sportsedtv.com) has added mobility and movement expert, Andrea Kushman as a senior contributor. She will offer Kinstretch and Functional Range Systems (FRS) services to the platform's audiences.

“Andrea combines her interest and experience in biomechanics and injury mitigation along with her extensive background in sports medicine to empower clientele to reach new levels of physical abilities,” said Robert Mazzucchelli, Founder, and Chairman of SportsEdTV.

As a current analyst for surgical services at a large healthcare system, she’s studied the rise in volume and costs for joint replacements in the US. She’s also identified service gaps in the U.S. healthcare system for adult recreational athletes.

“Andrea is a lifelong traditional sports athlete, recreational aerialist, and “mature mover” who knew she could use her background and experience to start a comprehensive and interdisciplinary program that would better address needs in sports and the general population,” added Victor Bergonzoli, CEO SportsEdTV.

She launched Cultivate Movement, specializing in Kinstretch and Functional Range Systems (FRS) services. As an expert in the field, she educated students in Sports Medicine at Lasell College, MGH Institute of Health Professions, Boston University, and Northeastern University.
