

Financing and Advisory Services

Melbourne, Australia Nov 14, 2021 ([IssueWire.com](https://www.IssueWire.com)) - Oasis Investment Management Limited combines market insight and intelligence with corporate finance knowledge to develop capital raising solutions for Oasis Investment Management Limited clients. We originate, structure, and execute equity and equity-linked new issues such as initial public offerings (IPOs), secondary placements, rights issues, convertible bonds, and certain types of pre-IPO financing.

We work with issuers located in the markets across Asia, the Middle East and Africa, and the USA and closely with our global equity research and equity sales & trading teams to provide distribution to institutional investors worldwide.

Oasis Investment Management Limited's strong balance sheet and broad financing product suite enables us to provide bespoke, capital-committed transactions at short notice, in complete confidentiality, and where necessary, in extremely large size. In addition, whether you are looking for equity financing against a new or existing stake in listed stocks or advice on equity risk management, allow the Oasis Investment Management Limited's team to structure and manage bespoke solutions for you.
