

iNube named one of the world's 100 most innovative Insurtech companies by Fintech Global!

Bengaluru, Karnataka Nov 16, 2021 ([IssueWire.com](https://www.issuewire.com)) - iNube Software Solutions Pvt. Ltd. an Insurance Technology company was named among the world's 100 most innovative Insurtech companies by FinTech Global. **iNube was the only company with an Indian origin in the recently published list that saw entries from over 1400 insurtech companies.**

The InsurTech100 is an annual list of 100 of the world's most innovative Insurtech companies selected by a panel of industry experts and analysts. It recognizes the next generation of solution providers shaping the future of the insurance industry across the globe.

iNube, India's leading insurance technology innovator provides future-ready technology. APIsLive one of iNube's widely appreciated insurance platforms can help insurers launch innovative products like pocket-size insurance or switch on-switch off insurance in a fraction of the time it would take with legacy systems. Their smart, automation-driven insurance tech platforms are being used by some of the leading Insurance Companies, Brokers, and TPAs globally to enable faster go-to-market, provide instant product comparisons, issue policies on the go, and process claims faster.

With their vast industry experience, iNube is solving some of the most critical challenges the Insurance industry faces today – launch new products, settle claims quicker, digitize sales channels for a remote ready workforce.

On being included in the prestigious InsurTech100 list, Mr. Vinodkumar Iyer – CEO, iNube

Software Solutions Pvt. Ltd. said “This recognition is a testimony of not just our growth but also the advancement of the Indian insurance tech industry. This year we were the only Indian insurtech company included in the list. We feel honored to be recognized as one of the leading innovators in the insurtech space globally. As a team that has worked closely with the insurance giants for the past eleven years, we have got to experience some of the challenges businesses face when trying to innovate with a legacy core system.

There has been a continuous effort from our team to create platforms that find a way around the restrictions of the core and deliver a system that brings agility, automation, and accuracy to insurance processes. We believe in helping our clients to go beyond in delivering the right customer experience while keeping their cost of ownership under check.”

iNube was identified as a leading contender across a range of factors considered to make the final selection for the InsurTech100 list. iNube was evaluated on some of the factors like – Industry significance of the problem they solve, Innovation of technology solution, Potential cost savings, efficiency improvement, impact on the value chain and/or revenue enhancements generated for clients, how important is it for insurance executives to know about this company, Etc.

iNube was formed in the year 2010 and is headquartered in Bangalore, Karnataka. For business queries, iNube’s team can be reached at www.inubesolutions.com.
