Get to know Certified Family Nurse Practitioner, Julio Arvie M. Madarazo Jr., who serves patients in Las Vegas, Nevada.

New York City, New York Nov 5, 2021 (Issuewire.com**)** - Julio is a certified family nurse practitioner currently serving his patients at Vista Medical Associates in Las Vegas, Nevada. One of the main things that he enjoys the most in his field is patient relationships and knowing that he is doing something that benefits others every day.

With over 8 years of experience in his field, he is certified by the American Association of Nurse Practitioners (AANP). Their mission is to empower all nurse practitioners to advance quality health care through practice, education, advocacy, research, and leadership.

A Certified Family Nurse Practitioner (FNP-C) is an advanced practice registered nurse who works autonomously or in collaboration with other healthcare professionals, to deliver family-focused care. Given the rather broad nature of the “family” patient population focus, FNPs offer a wide range of healthcare services that revolve around the family unit; from health promotion and disease prevention to direct care and counseling across the lifespan.

On a more personal note, Julio was inspired to join the nursing field because he wanted to help others and make a difference in people’s lives. He attributes his success to his perseverance, wanting to help others, and the support from his family.
