

Live Crypto Party (LCP) Is Set to Take NFT Party-To-Earn Platform To The Moon.

Bitcoin (BTC), Ethereum (ETH), Binance Coin (BNB), Tether (USDT), Cardano (ADA), Solana (SOL), XRP (XRP), Polkadot (DOT), Shiba Inu (SHIB), Dogecoin (DOGE) Holders, and others Join Live Crypto Party (LCP)

West Yorkshire, United Kingdom Nov 27, 2021 ([Issuewire.com](https://www.issuewire.com)) - Launched in October 2021, Live Crypto Party (LCP) is set to take the NFT Party-To-Earn Platform To The Moon. It was also audited on the 12th of November, 2021.

LIVE CRYPTO PARTY (LCP™), is the world's first proprietary party-to-earn global platform that rewards users for having fun online and offline. The platform which runs on the Binance Smart Chain is used to host cryptocurrency events.

Among the many advantages for the end-users; Members can Vote and Add their favorite cryptocurrency project with their tickets. The Crypto with the most votes is named the currency of the day and is promoted on our platform.

Additionally, the unique buyback feature allows users to sell the cryptocurrency of the day back to the platform for an increased profit of up to 80%. The platform rewards users or guests in Cryptocurrency and BEP20 tokens for having fun online and offline.

Recently, a member of the community received an iPhone 13 mobile as a reward for participating in the Lucky Spin game on the platform. He had bought LCP worth up to 0.5 BNB to qualify. The Lucky spin game is a community game on the Live Crypto Party Platform where anyone can enter to win fantastic prizes.

At the time of this release, Bitcoin (BTC), Ethereum (ETH), Binance Coin (BNB), Tether (USDT), Cardano (ADA), Solana (SOL), XRP (XRP), Polkadot (DOT), Shiba Inu (SHIB), Dogecoin (DOGE) Holders, and others have joined the Live Crypto Party (LCP) platform.

The platform features and utilities can be accessed by acquiring its token- The Live Crypto Party Token (LCP token). The token also uniquely comes to the crypto market as the world's first cryptocurrency event token. With the LCP Token, you can purchase tickets, drinks, gifts, and other tokens at events all over the world to fulfill your crypto desires!

Free LCP tokens earned during the event can be used to redeem products and services on the platform as well as affiliated businesses and merchants.

Up to 50% of all LCP redeemed for a product on our platform is burned periodically to reduce circulation supply and create scarcity.

LCP PRESALE IS LIVE

The LCP token presale is still ongoing at the time of this writing and can be purchased via the Live Crypto Party presale page, at a very cheap rate and become a holder. Anyone can participate in the presale at the current rate of 0.00002 BNB per 1 (Approximately \$0.01) with a minimum buy of 0.01 BNB and a maximum buy of 1 BNB per address. The LCP tokens will be listed on decentralized exchanges like PancakeSwap after the presale, followed by several major centralized exchanges.

Members who bought LCP worth 0.5 to 1 BNB will automatically qualify for the LUCKY SPIN and to win fantastic items, including a paid vacation in Dubai.

During the Presale, LCP Holders earn 20% in referral bonus when someone buys some pieces of LCP tokens using their referral link.

Read the whitepaper to learn more about the goals and objectives of Live Crypto Party (LCP).

For How To Buy Live Crypto Party (LCP) Token

Method 1:

By connecting your wallet to the presale page. Click to Watch How

Method 2: By sending BNB (Smart Chain) to receive LCP directly to your wallet.

Send BNB to LCP address - 0xd92606118ea92d5004dB58d041A4766F9Aa901B7 to receive LCP tokens automatically.

Method 3: By Scanning the QR CODE on the website and proceeding with payment.
