

Logan W. McGuffey, MD, a Urologist with Urology P.C.

Get to know Urologist Dr. Logan W. McGuffey, who serves patients in Lincoln, Nebraska.

New York City, New York Nov 30, 2021 ([IssueWire.com](https://www.issuewire.com)) - A top professional in the field of urology, Dr. McGuffey is in practice at Urology P.C. in Lincoln, Nebraska.

The physicians and staff at Urology, P.C. are dedicated to serving the urological needs of Lincoln and the surrounding communities while providing state-of-the-art diagnosis and treatment. We treat each patient as a partner in his or her medical care and consider patient education central to their philosophy. Its mission is to provide quality cost-effective, outcome-based perioperative care to patients with specific medical and surgical needs.

Throughout his academic career, Dr. McGuffey graduated with his medical degree from the University of Nebraska College of Medicine. He then went on to complete his residency in urology at the University of Missouri - Columbia.

Subsequent to his education, the doctor attained board certification in urology through the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high quality, safe, and ethical urologic care.

On a professional level, Dr. McGuffey is an active member of the American Urological Association, the Nebraska Urological Association, the Nebraska Medical Association, the American Association of Clinical Urologists, the South Central Section of the American Urological Association, and the Lancaster County Medical Society.

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.
