

Meet Cryptocurrency Newest Billionaire

Sacramento, California Nov 4, 2021 ([Issuewire.com](https://www.issuewire.com)) - James Lee Hardman Jr, the founder of Rivecoin , became the world's first African American Cryptocurrency billionaire this week, after a bull run which pushed the cryptocurrency's price over 10,000 percent its value at the beginning of May 2021.

The 34-year-old's fortune is held in RVE, RVEM, DYZE, and CANNA on the Stellar blockchain, rather than dollars or another currency. Hardman owns Billions of coins, which are currently trading between \$.14 - \$.36 per coin on Wednesday afternoon. At that value, his wallet is worth about \$3.14 billion Dollars USD.

The hip, somewhat elfin founder is African American by birth—born in the city of Oakland California, within SF Bay area region. — he grew up in Tracy California. His mother and father were both in their mid-teens years when James was born. Both parents worked hard at becoming business owners.

2021 cryptoboom has made Rivecoin a force to be reckoned with and has put James Lee Hardman Jr net worth a little north of 3 billion dollars usd. James may have created a prominent Bitcoin rival.
