Austin, Texas Nov 12, 2021 ([IssueWire.com](https://www.issuewire.com)) - Kerala-born businessman and entrepreneur NARENDRAN KIZHAKKEKALAPPURACKEL SANKARAN is making great contributions to society with his businesses in different industries like science, technology, learning, and more. He is the CEO of Binsera LTD and Binsera C Corporation which are not just Information Technology service providers but invest in developing their own products. Binsera LTD is an IT company that started in 2019 in the United Kingdom under the brand name Binsera®. It is one of the fastest-growing businesses in the UK with a net worth of 3 million GBP in 2021. Binsera C Corporation was established in Texas in 2020 under the same trademark <https://uspto.report/TM/90196448>.

After the huge success of Binsera, he has recently launched ground-breaking software for the learning industry named BINSION. It is a brilliant exam software that has computer-adaptive tests (CAT) achieved through the use of artificial intelligence. At <https://www.binsion.com> they help the students for the NCLEX RN® exam giving them a similar experience. They also help the students know their strengths and weaknesses by monitoring their progress. Binsera is currently developing Electronic Health Record (EHR), Radiology Information Systems for the health care industry.

The man of many talents, NARENDRAN KIZHAKKEKALAPPURACKEL SANKARAN has tried his hand in creating motorcycle engines as well. He established the brand KRISAKI® in the UK in 2011. A year later in 2012, he founded a Motorcycle Manufacturing Company in India at the age of 30. The company manufactured motorcycles and gasoline motorcycle engines starting with 150 ccs, 250 ccs, and 800 ccs. The vehicles were sold under the same brand and registered trademark KRISAKI® <https://krisaki.com>. He received the World Manufacture identifier code (WMI Code) from Bureau of Indian Standards and SAE international USA and the vehicles he produced had a Vehicle Identifier Code (VIN). More can be found at <https://autos.maxabout.com/bikes/krisaki>, <https://www.fuelarc.com/bikes/makers/krisaki/>, <https://www.bikes4sale.in/details/krisaki/>, <http://www.sagmart.com/find/Krisaki/showroom>.

Besides creating the the state-of-the-art computer adaptive test algorithm for high stake exam preparation, NARENDRAN KIZHAKKEKALAPPURACKEL SANKARAN also invented an online tool The Ultimate Star Singer® that gives automated scoring for an online singing competition in 2010. The publication number for the tool at WIPO Geneva is WO/2012/076938 <https://patentscope.wipo.int/search/en/detail.jsf?docId=WO2012076938> on 14.6.2012. Its international publication number is PCT/IB2010/055751 filed on 10.12.20210. It was his first intellectual property <https://www.quickcompany.in/trademarks/2069702-the-ultimate-star-singer>.
