

Roger Druckman, DDS, DAAPM, FAGD, FADI, FICCMO, FAACP, a Dentist in Private Practice

Get to know Dentist Dr. Roger Druckman, who serves patients in Denver, Colorado.

New York City, New York Nov 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - One of Denver's foremost experts in dentistry, Dr. Druckman has provided gentle, family-oriented dental care for children and adults for over 40 years. He offers treatment in all areas of general dentistry, dental implants, cosmetic dentistry, TMJ/TMD, orthodontics, and obstructive sleep apnea/snoring. He and his close-knit team are dedicated to bringing enthusiastic, attentive service to each appointment, and are determined to provide a comfortable atmosphere during treatment.

Born and raised in New York, he completed his undergraduate education at Long Island University, Zeckendorf Campus, and received his Doctor of Dental Surgery degree at the New York University College of Dentistry. He then went on to complete additional advanced dental programs from the Clinical Foundation of Orthopedics and Orthodontics (1983), the United States Dental Institute (1984), and the American Straight Wire Orthodontic Association (1984 and 1986).

In 2004, Dr. Druckman completed a one-year program in implantology given by the New York Maxi Course in Implantology in affiliation with New York University College of Dentistry. Later, he trained with the Federal Bureau of Investigation's Criminal Justice Information Services Division in order to provide assistance to law enforcement in the identification of missing and unidentified person cases.

Achieving fellowship status, he is a Fellow of the Academy of General Dentistry (FAGD), Fellow of the Academy of Dentistry International (FADI), Fellow of the International College of Craniomandibular Orthopedics (FICCMO), and Fellow of the American Academy of Craniofacial Pain (FAACP).

Distinguished as a Diplomate of the American Academy of Pain Management (DAAPM), Dr. Druckman is a proud member of the American Association of Functional Orthodontics, the American Dental Association, the Metropolitan Denver Dental Society, the American Orthodontic Society, the American Academy of Implant Dentistry, the Academy of GP Orthodontics, the American Academy of Sleep Medicine, and the American Academy of Dental Sleep Medicine.

In his professional experience, he served on active duty as a dentist in the United States Army Dental Corps (1975-1979). He was invited to represent the United States by the executive director of the American Society of Pain Educators to meet in Vietnam in November 2005 as part of a delegation of professionals specializing in pain management. In November 2006, he represented the United States as part of the People to People Ambassador Programs' Anesthesiology and Pain Management Delegation to South Africa.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.

As a testament to his dedication, Dr. Druckman has been the recipient of the Patients' Choice Award in 2012.
