

S. Vincent Veltri II, DDS, a Dentist with Veltri, Day & Veltri

Get to know Dentist Dr. S. Vincent Veltri II, who serves patients in Clarksburg, West Virginia.

New York City, New York Nov 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - Recognizing that oral health is one of the most important aspects of one's life, Dr. Veltri II sees patients at Veltri, Day & Veltri in Clarksburg, West Virginia. Throughout the years, he has offered effective dental solutions that have made a difference in the lives of countless area residents.

"Whether you live in Clarksburg or a surrounding town in Harrison County and beyond, the experienced family dentists at Veltri, Day & Veltri can make a significant difference in your oral health. Whether you are 7 or 70, our dental office has everything you need for a comfortable and effective trip to the dentist, and will leave you excited about the future of your teeth! When you are choosing a dentist in the Clarksburg area, you should take experience into consideration. Our dentists' experience is one of our greatest assets, and we would love to put that experience to work for you and your family." as stated on the dental practice's website.

For over three decades, the experienced team of family dentists at Veltri, Day & Veltri have been crafting beautiful smiles for the great people of North-Central West Virginia. Whether a patient needs general teeth cleaning, tooth whitening, emergency dental assistance, or dentures, they will be offered the very best in oral care.

An authority in the dental field, Dr. Veltri II serves as President of the West Virginia Board of Dentistry, which is an agency of the State mandated by the legislature to protect the public health, safety, and welfare of its citizens. The Board regulates the profession of dentistry and licenses dentists and dental hygienists who have proven minimal competency standards by examination.

Dentistry, also known as Dental and Oral Medicine, is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity. Dentists diagnose and treat dental issues and help patients develop better oral hygiene regimens. They clean teeth, correct bite issues, perform surgeries and extractions and perform other duties to ensure that the teeth and mouth are healthy.
