

Shuo Wang, MD, a Pediatric Cardiologist with Children's Hospital Los Angeles & Huntington Hospital

Get to know Pediatric Cardiologist Dr. Shuo Wang, who serves patients throughout the State of California.

New York City, New York Nov 30, 2021 ([Issuewire.com](https://www.issuewire.com)) - A board-certified pediatric cardiologist, Dr. Wang is in practice at Children's Hospital Los Angeles, and at Huntington Hospital. Her areas of clinical interest include outpatient pediatric cardiology, fetal cardiology, and echocardiography.

Children's Hospital Los Angeles is one of the nation's leading pediatric hospitals. True to their mission, they have been creating hope and building healthier futures since 1901. They deliver a level of care that is consistently recognized as some of the best in the world.

A 619-bed nonprofit hospital that's nationally ranked for quality and safety, Huntington Hospital in Pasadena – an affiliate of Cedars-Sinai Health System – has provided compassionate, world-class care for 130 years. Only six years younger than Pasadena itself, the hospital has grown with the community it serves.

Beginning her professional pursuits by graduating with her medical degree from the University of California Irvine School of Medicine, Dr. Wang completed her residency in pediatrics at the UCLA School of Medicine, and her fellowship in pediatric cardiology at the Children's Hospital Los Angeles.

Passionate about her profession, the doctor is board-certified in pediatric cardiology by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Teaching students, Dr. Wang serves as a Clinical Assistant Professor of Pediatrics at the Keck School of Medicine of the University of Southern California.

Pediatrics is the branch of medicine that involves the medical care of infants, children, and adolescents, while cardiology is a branch of medicine that deals with the disorders of the heart as well as some parts of the circulatory system. Pediatric cardiologists specialize in diagnosing and treating heart problems in children. In those children who might need heart surgery, pediatric cardiologists work closely with pediatric heart surgeons to determine the best treatments and interventions.
