Ahmedabad, Gujarat Nov 10, 2021 (IssueWire.com) - What Makes AFFLUENT VIVAH Different?

Being in India marriage is a very important step of AFFLUENT despite the fact that which part or which community you belong to. Information technology is so closely attached to our lives today hence it opens the door for many matrimonial sites in India. AFFLUENT Vivah is one of the most prominent matrimonial websites in India and got popular in a very short span of time.

Unlike other matrimonial sites in India, we do not believe or rely on technology completely, we have our own matchmaking mechanism which used technology as a tool. But with the simultaneous use of Human Touch and Psychological Match Making. Affluent VIVAH is started with the objective to serve people for their matchmaking needs at the most affordable cost. Founder and CEO of AFFLUENT VIVAH Ms. Purvangi Shukla have decade-long matchmaking experience and her idea behind [AFFLUENT VIVAH](#) is unique.

The main difference with Affluent VIVAH! Can be summed up in one word - quality.

Quality does not mean costly packages and lots of money for us at Affluent VIVAH. Unlike other matrimonial sites in India, we manually screen every profile and photo before it goes live on the site. We have strict rules – no married people, no sexual profiles, no fake profiles, and most important security of profiles.

The objective of AFFLUENT VIVAH

The aim of the AFFLUENT VIVAH is to create a warm relaxed atmosphere in which potential bride and groom can explore and share their feelings, hopes, joys, fears, needs, and differences in private before getting married. It provides a positive and thought-provoking experience by helping potential bride and groom communicate and listen more effectively to each other which not other matrimonial sites in India provide. They are more focused on subscriptions, the number of profiles (quality does not matter to them), and spamming your inbox with random profiles. However, we at AFFLUENT VIVAH understand our responsibilities as a leading matrimonial website in India and help you to get a match for AFFLUENT.
