

Zulma Castaneda-Medina, DMD, an Orthodontist with Castaneda Orthodontics

Get to know Orthodontist Dr. Zulma Castaneda-Medina, who serves patients in Cooper City, Florida.

New York City, New York Nov 11, 2021 ([Issuewire.com](https://www.issuewire.com)) - Well-versed in the field of orthodontics,

Dr. Castaneda-Medina works with patients at her private practice - Castaneda Orthodontics - in Cooper City, Florida. She envisions the best facial aesthetics for each patient and builds a beautiful, unique smile to reflect those aesthetics. She utilizes only the finest in orthodontic materials and technology, including Clarity™ SL clear braces, Radiance™ aesthetic brackets, Speed System™ Braces, and Invisalign® clear aligners.

As a second-generation dentist, her love and admiration for the dental profession began early in life. She clearly remembers spending many afternoons at her mother's dental practice, enjoying how she was changing lives on a daily basis.

Regarding her educational background, Dr. Castaneda-Medina completed her general dentistry education at the University of Pennsylvania School of Dental Medicine in Philadelphia and her specialty training in orthodontics at Jacksonville University School of Orthodontics in Florida.

An expert in her field, the doctor is board-certified in orthodontics by the American Board of Orthodontics (ABO), which is the highest honor an orthodontist can achieve. The ABO is the only certifying board in the specialty that is recognized by the American Dental Association.

Among her professional affiliations, she is a proud member of the American Association of Orthodontists, the Southern Association of Orthodontists, the Florida Association of Orthodontists, the South Florida Academy of Orthodontists, the Atlantic Association of Orthodontists, the World Association of Orthodontists, the American Dental Association, and the Florida Dental Association.

Orthodontics is a specialty of dentistry that deals with the diagnosis, prevention, and correction of malpositioned teeth and jaws. Orthodontists are responsible for identifying problems with the positioning of a patient's teeth and with their oral development. They utilize the most advanced procedures and equipment available to ensure that every patient achieves a healthy and beautiful smile.

When she is not in the office, Dr. Castaneda-Medina enjoys spending time with her family. Happily married, her husband, Michael Medina, is an ENT at Cleveland Clinic. Together, they have a beautiful son, Miguel. They look forward to sharing many new experiences in their community as their son grows older and they become more involved in his activities.
