

Access Next Blockchain (ANB) : ANB Coin, ANB Mainnet, ANB Scan, and ANB Wallet Launch January 2022

ANB blockchain is ready to serve the public. The economical blockchain designed in IBFT Protocol and Bonsai Tries Data Architecture will be accessible by the first quarter of January 2022

Cambridge, United Kingdom Dec 24, 2021 ([Issuewire.com](https://www.issuewire.com)) - The most economical blockchain will set its launch on January 5, 2022. According to Jack Ma (founder of Alibaba) "Blockchain technology could change our world more than people imagine". But the access to this technology is only given to a

few.

Access Next Blockchain (ANB) made its way to be developed to support the agony of ordinary people. ANB Blockchain is an immerging blockchain that will soon rise to uplift the community that cannot afford the high gas fees of other blockchains.

ANB Coin as ANB Blockchain cryptocurrency will have an ICO (Initial Coin Offering) to support future projects and the Hackathon event for ANB blockchain Mainnet is now ready and can be fully functional by 2022.

[ANB Scan](#) is now in full operation and can be used once ANB Blockchain sets its launch on January 5, 2022.

[ANB Mainnet](#) is underdeveloped but you can add the ANB Chain to your Network.

ANB Blockchain is the Blockchain of the people. It is made for everyone. Blockchain Education is important. Therefore, it is goodwill for the ANB Blockchain community is trying not just to scale profit to earn more but also educate the mass to build their dreams in the right way. Through ANB Blockchain all dreams will be possible.

Get Access to this Blockchain technology. Participate and support [ANB Blockchain ICO](#) for ANB Blockchain is the Next Blockchain that will lead everyone to what really a blockchain technology is.
