

Ada R. Quintana, MD, a Pathologist with AmeriPath Diagnostics

Get to know Pathologist Dr. Ada R. Quintana, who serves patients in Pompano Beach, Florida.

New York City, New York Dec 23, 2021 ([IssueWire.com](https://www.issuewire.com)) - A highly trained pathologist specializing in gastrointestinal and liver pathology, Dr. Quintana is in practice at AmeriPath Diagnostics in Pompano Beach, Florida.

AmeriPath Diagnostics is a leading national provider of anatomic pathology, dermatopathology, and molecular diagnostic services to physicians, hospitals, clinical laboratories, and surgery centers across the United States. Through their nationally based, board-certified pathology teams and integrated state-of-the-art laboratory, they are dedicated to providing comprehensive diagnostic solutions, advanced technology and testing, and superior pathology services to regional and local medical communities.

Back in the early days of her academic career, Dr. Quintana graduated with her medical degree from the University of Illinois Chicago College of Medicine, and completed her residency in anatomic and clinical pathology in the same educational setting. She then went on to complete her fellowship in gastrointestinal and liver pathology at the Saint Louis University Hospital, and her fellowship in surgical pathology at Emory University.

Following her training, the doctor attained board certification in anatomic and clinical pathology through the American Board of Pathology (ABPath). The mission of the ABPath is to promote the health of the public and advance the practice and science of pathology by establishing voluntary certification standards and assessing the qualifications of those seeking to practice the specialty of pathology.

Pathology is a branch of medical science that involves the study and diagnosis of disease through the examination of surgically removed organs, tissues, bodily fluids, and in some cases, the whole body. Pathologists are physicians who specialize in the diagnosis and management of diseases by laboratory methods.
