New York City, New York Dec 16, 2021 ([IssueWire.com](https://www.issuewire.com)) - A top professional in the field of anesthesiology, Dr. Cole works with patients at her private practice in Inglewood, California.

Pertaining to her educational background, she graduated with her medical degree from SUNY Downstate College of Medicine in 2012. She then went on to complete her residencies in general surgery and anesthesiology at the North Shore University Hospital.

Passionate about her profession, the doctor is board-certified in anesthesiology by the American Board of Anesthesiology (ABA). As the certifying body for anesthesiologists since 1938, the ABA is committed to partnering with physicians to advance the lifelong learning and exceptional patient care. Its mission is to advance the highest standards of the practice of anesthesiology.

Anesthesiology is the medical specialty concerned with the total perioperative care of patients before, during, and after surgery. It encompasses anesthesia, intensive care medicine, critical emergency medicine, and pain medicine. Anesthesiologists have the primary responsibility of monitoring the patient's vital signs during surgery. In addition to basic measurements such as pulse, blood pressure, and temperature, they measure the patient's respiration.
