Melbourne, Victoria Dec 16, 2021 (Issuewire.com) - Continuing its spree of setting up new trends and introducing newer “customized” packages, Connect PTE has yet again brought something that has instilled excitement in international students in Australia.

The company has now introduced PTE coaching according to the latest [PTE exam formats](#) for individual modules, which means that the students will now be able to enroll for one, two, or even three modules out of a total of four. The pricing is highly competitive.

According to the representatives, the company did some research and found that there were a good number of candidates who were weaker in either one or two modules out of a total of four. These students wanted tuition for selected modules and did not want to pay (or invest their time) for taking coaching for all four modules. This brought in the idea of coaching for individual modules, wherein the candidate can take PTE coaching for either speaking, reading, writing, or even listening.

The company's Business Development Manager – Mr. Avik Andalib – said, “We identified a major gap and are trying to fill it. Moreover, we are about freedom; we are letting the students choose what they want to study.”

The company has so far received a good response to this “customized” package and has made a few enrollments.

“Many of the students wanted to take PTE coaching for either writing or speaking, and we welcomed them”, added Ms. Reema Dhumal, the PTE Coach at Connect PTE.

Connect PTE recently introduced online PTE coaching amidst the COVID-19 pandemic and has been doing great business since then. The company also introduced its Unlimited PTE Coaching package at just \$350 lately, which became a huge hit amongst the international students in Australia.

Mr. Vikas Sharma – Director, Asia Pacific Group, added, “Our motto is to provide customized solutions to our clients across the world. Whether it is for education, migration, or PTE coaching, we are always there to help them.” Asia Pacific Group (APG) is the parent company of Connect PTE and is one of the most trusted Education & Migration consultants in Australia. APG has been providing education and migration services in Australia since 2009 and has offices in Melbourne, Sydney, Adelaide, Reservoir (VIC), and India (Mohali).

Connect PTE has grown leaps and bounds since its inception and is looking to strike every opportunity possible. The institute offers [PTE free mock tests](#) to all the enrolled students and a free trial class to all the students who may be interested to enroll in PTE coaching.

- Every Day Speaking Session
