**Melbourne, Victoria Dec 15, 2021** ([IssueWire.com](http://IssueWire.com)) - Australia has become a hub for international students. With thousands of international students entering Australia every year, the number of PTE coaching institutes has also increased significantly. Over the period of time, PTE has become one of the most preferred English language proficiency tests for international students coming into Australia.

With so much competition in the [PTE tutorials](#) across all the major cities of Australia, Connect PTE is

setting new trends in PTE coaching by offering new modes of teaching and unique packages.

During the onset of the COVID-19 pandemic, Connect PTE added online PTE coaching to their array of services and introduced the Unlimited PTE Coaching package. The package offers a maximum of 180 classes to enrolled PTE students over a period of 6 months!

“We always wanted that PTE coaching should be affordable and in reach of every international student; this is the reason we introduced this special Unlimited package.”, said Mr. Avik Andalib – Business Development Manager, Connect PTE – when asked about the Unlimited PTE Coaching Package.

“We would continue to provide [PTE mock tests](#), PTE tips and tricks, and all our resources in PTE format as we used to.”, added Ms. Reema Dhumal – PTE Trainer, Connect PTE.

In addition to the aforementioned package, the institute offers PTE coaching for selective modules with its weekly, fortnightly, and monthly packages. The institute is eyeing to be one of the top PTE coaching institutes in Australia by introducing different strategies that will help it grab the maximum market share.

“PTE coaching is a hot market and up for grabs; we would not like to miss on any chance. Our goal is to provide flexible, practical, and affordable PTE solutions to all the international students in Australia.”, added Mr. Andalib.

Students can enroll in the online PTE coaching class of Connect PTE by simply visiting their website [www.connectpte.com](http://www.connectpte.com). The institution is the venture of one of the most renowned education & migration agents in Australia – Asia Pacific Group (APG). Currently, APG has offices in Melbourne, Sydney, Adelaide, Reservoir (VIC), Mohali (India) and is planning to expand steadily in Australia and India.

When requested to add a little more on this, Mr. Vikas Sharma – Director, Asia Pacific Group, said “Online coaching is the need of the hour and we know that the scope is huge. We have just started! We believe we can achieve new heights by capitalizing more on offering online PTE coaching to offshore students too!”

Connect PTE has grabbed positive attention in the PTE marketplace with its new strategies. The institute encourages interested students to take up its free trial class!
