

## Edufex is now listed on LBank Exchange

Edufex, a Blockchain-Enabled Platform of E-learning, is proud to announce its listing on LBank

**Dreisbach, Germany Dec 13, 2021 ([IssueWire.com](https://www.issuewire.com))** - Edufex, a Blockchain-Enabled Platform of E-learning, is proud to announce its listing on LBank- a global digital asset trading platform on 2nd December 2021. For all Edufex and LBank Exchange users, the EDUX/USDT trading pairs are now officially available for trading.

Edufex is the latest and greatest way to experience digital blockchain-based learning. Edufex expands infinitely, presents in real-time, and is available for everyone using their smartphone or computer. E-learning has become one of the booming industries in the education industry, and with time it will cover the entire industry. Everybody learns differently. The comprehensive, user-friendly Edufex Learning Management System addresses this issue with an open-source Blockchain technology that makes learning more affordable and accessible than ever before.

### Introducing Edufex

Edufex is a revolutionary digital blockchain-based learning management system that encourages information on worldwide electronic screens in a single tick, saving time, energy, traveling costs, and foreign living expenses.

The Edufex Learning Management System is a user-friendly, affordable LMS designed to provide all learners with an engaging online learning experience. This LMS platform represents the most innovative and effective tool for learning in the modern world. Edufex recently affiliated with top international universities specialist organizations like Cornerstone College of International Studies, National American University, Girne American University, Paris college of international education, and the University of Chichester to offer online courses and degrees. Now is the best chance for users to buy Edufex tokens and get exciting benefits.

The listing of EDUX on LBank Exchange will undoubtedly help it further expand its business and draw more attention in the market.
