

Haddy is a Superstar both On and Off the Field

Haddy Releases a New Music Single NORF ANTHEM

Jacksonville, Florida Dec 1, 2021 ([IssueWire.com](https://www.issuewire.com)) - Jihad Ward is another name that can be added to the roster of athletes who also are also rappers. When Jihad is not dominating the football field as a defensive end with the Jacksonville Jaguars he's creating music. Jihad is also referred to as "Haddy" has some serious bars. His most recent single is called NORF ANTHEM which is on all music platforms. We are definitely here for the Philly sound. A lot of people might not be familiar with Haddy on the music scene. The football superstar actually started sharing this hidden gift of being such a talented rapper last year. In listening to his music catalog on both Spotify and Apple Music, he definitely isn't new to music, and he's here to stay.

This talented gentleman has been creating music while he also has been playing football. Listeners who enjoy hip hop will be able to hear that Haddy gives 110% to his music. This is definitely not an experiment. Whenever we hear a multi-talented artist who has flavor we always aim to support it. So, we reached out to Haddy to inquire if it would be ok to share his music? The answer was exactly what we wanted to hear, which was yeah! The more people with who we share his music will generate more listeners who get a chance to hear how super talented he is.

World Indie Artist Intelligent Diva met Haddy at Century Studios. She was introduced to Haddy by the owner of Century Studios, Aaron Bing. From the moment Intelligent Diva heard the track, she believed Haddy had a gift. Intelligent Diva reached out to her mentor and record label founder Stephen Wrench. Sure, everyone knows Haddy on the field as the hype man. But, we need people to also hear his music off the field. He's not just another athlete he's a songwriter and lyricist. We tapped into Stephen Wrench, the owner of Musik and Film who has also done radio promotions for indie artists and major artists. One of the major artists he has done a radio promotion for in the hip hop industry who we all know and loves is Rick Ross. Stephen Wrench is a grammy voting and nominating member with 40 plus years in the music industry. He was also the former vice president of a major record label.

The music artist Intelligent Diva who is also a record label owner of Intelligent Diva Music believed the athlete had what it takes to break through in the music industry as well as on the football field. She wanted to get the opinion of someone who has years of experience because she wanted to help the world hear the music another multi-talented person. Stephen Wrench declared the song "NORF ANTHEM" is definitely a hit song, and the talented athlete has what it takes to break through in the music industry.

Haddy is living his dream both on and off the field. He just wants to take his time with his musical talent and keep producing good music for the world to hear. His football career is primary, so he doesn't have time to write as much as he would like to. But, when he does have time to take a break and give us some good music that's definitely what he plans on doing.

"NORF ANTHEM", is definitely one of our favorite tracks. Haddy's rhymes are fierce, and it features Twin Ochohoa. Not only does the track have a Philly Vibe, but Twin Ochohoa's flow also reminds us of a Meek Mill. Haddy has released a total of 5 singles, and he appears on 2 other albums. which is available for streaming on all music platforms. We are definitely here to keep enjoying the vibes of this King and to share his music with the world.
