

Indonesia Elevator And Escalator Market Outlook (2021-2027) | Report, Size & Share

New Delhi, Delhi Dec 14, 2021 ([IssueWire.com](https://www.issuewire.com)) -

[Indonesia Elevator And Escalator Market](#) size is projected to grow at a CAGR of 4.8% in terms of revenues during 2021-2027. The primary reason for the growth in the Indonesia's elevator and escalator industry can be attributed to the rapid urbanization and rising population. Furthermore, growing demand for elevator and escalator maintenance, repair, and service would also stimulate market growth in the years to come. Favourable government efforts through Indonesia's 2045 vision towards economic development are also the prominent key parameters for the growing number of infrastructure activities across the country which would, in turn, augment the demand for elevators and escalators in the coming years.
