Get to know Aesthetic Medicine Specialist Dr. Kathleen M. Marc, who serves patients in Naples, Florida.

New York City, New York Dec 15, 2021 (Issuewire.com) - A prominent aesthetic medicine specialist, Dr. Marc is the Medical Director of Aesthetic Treatment Centers in Naples, Florida. With over 25 years of experience as a renowned gynecologist and minimally invasive surgeon, she is able to combine her surgical and aesthetic skills to benefit her patients.
Aesthetic Treatment Centers is the newest aesthetic concept in Southwest Florida. They specialize in minimally and non-invasive cosmetic services including fat reduction, body sculpting, wrinkle reduction, hair removal, and feminine rejuvenation. Their mission is to provide the best quality of service, with cutting edge technology, a multi-modality approach, and individualized attention for their clients which help their patients fall in love with themselves all over again.

Graduating with her Bachelor of Science degree in Psychobiology from Tufts University, Dr. Marc earned her medical degree from the Tufts University Medical School. She also holds advanced certifications in aesthetic and regenerative medicine.

A Past President of the New England OB/GYN Society, she is board-certified in obstetrics and gynecology by the American Board of Obstetrics and Gynecology (ABOG). The mission of the ABOG is to define specialty standards, certify obstetricians and gynecologists, and facilitate continuous learning to advance knowledge, practice, and professionalism in women’s health.

Active in academia, Dr. Marc serves as an Associate Professor at Tufts University Medical School, and as a Clinical Instructor at Harvard Medical School.

Aesthetic medicine is an inclusive term for specialties that focus on improving cosmetic appearance through the treatment of conditions including skin laxity, wrinkles, loss of facial volume, excess fat, cellulite, and unwanted hair. With Dr. Marc’s experience and skill in gynecology, she can offer vaginal rejuvenation with ThermiVa radiofrequency treatments as well as advanced PRP treatment with the O-Shot. Aesthetic medicine specialists may utilize both surgical and non-surgical procedures to improve cosmetic appearance, psychological well-being, as well as the overall quality of life.
