Sheikh Zayed with 100% recycled material and Sea Shells collected from beaches of all seven emirates under the brand of "Mystique". Shells used in the portrait are round-shaped symbolizing the Pearl the regions first trade.

His Highness Sheikh Zayed bin Sultan Al Nahyan served as President of the United Arab Emirates since the formation of the Federation on 2 December 1971, leaving behind a legacy as the Father of the nation.

Understanding the UAE is impossible without understanding the life of Sheikh Zayed and his deep religious faith, vision, determination, and hard work; his generosity at home and abroad; and the way in which he devoted his life to the service of his people and the creation of a better world.

As the country grew, the conservation of the natural environment and wildlife was critical to H.H. Sheikh Zayed. In this vein, H.H. Sheikh Zayed worked throughout his life on ensuring the preservation of species as the Arabian Oryx and the sand gazelle. The World Wildlife Fund recognized his great contribution with the prestigious Gold Panda award.

The art signifies H. H. Sk Zayed's achievements, vision, and development symbolizing the Unity of all Seven Emirates and all that he believed and stood for.

Nadiya also presented art in the image of The Falcon - National bird of United Arab Emirates Symboling Courage and Strength. Falcons are Strong, Fast, and have great aerial agility. In this pesticide era, they are facing serious ecological risks.

"Mystique" – an art for Nature Lovers created by 100% recyclable, bio-degradable, ocean-friendly material supporting the Green Ecology to save the planet and all its species.

"Mystique" a unique form of art created by Seashells not only supports the ecological planet but also promotes the well-being of human society. Seashells are known to have their own aura and energy field that enhances positivity, inviting good vibes into our home or workplace that not only energize our thoughts but also help our surroundings to create an optimistic atmosphere. Shells are also a symbol of good communication, positive and healthy relationships, and prosperity.

Every piece of this art is uniquely created from the Seashells that are derived from The Seven Emirates symbolizing Strength, Power, and Beauty of unity in the United Arab Emirates.

Nadiya has a wonderful and amazing way to deliver her message to help people understand that Art can be much beyond a beautiful piece hung on the wall giving each and every piece a deep and meaningful approach.

Wishing her the very best of luck and success in her path towards recognition.
