

Nikhil K. Mehta, MD, a Radiologist with Banner Health

Get to know Radiologist Dr. Nikhil K. Mehta, who serves patients throughout the State of Arizona.

New York City, New York Dec 3, 2021 ([IssueWire.com](https://www.issuewire.com)) - A competent radiologist, Dr. Mehta is affiliated with Banner Health, seeing patients at Banner - University Medical Center Phoenix, and Banner - University Medicine Medical Imaging Clinic Tucson. Focusing on neuroradiology, interventional radiology, and endovascular neurosurgery, he specializes in brain aneurysm, arteriovenous malformation (AVM) including peripheral AVMs, dural AV fistula, intracranial atherosclerosis, carotid artery stenting, intracranial hypertension, subdural hemorrhage embolization, and pulsatile tinnitus.

"I take a very patient-centric approach to care. I believe in treating the whole patient, not just the disease. Understanding the physical, emotional, and spiritual needs of my patient's helps me provide optimal care, better outcomes, and better relationships with my patients" expressed Dr. Mehta.

Before embarking on his professional journey, he graduated with his medical degree from the Case Western Reserve University School of Medicine. He completed his internship at Cleveland Clinic Akron General, and his residency in diagnostic radiology at the University of Illinois at Chicago.

Subsequently, he completed his fellowship in neuroradiology at the UT Southwestern Medical Center, and his fellowship in vascular and interventional radiology at Rush University Medical Center, before returning to the UT Southwestern Medical Center to complete his fellowship in interventional neuroradiology.

In pursuit of clinical excellence, the doctor is board-certified in diagnostic radiology by the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Radiology refers to the field of medicine that uses non-invasive imaging scans to diagnose a patient. A radiologist is a physician who uses imaging methodologies to diagnose and manage patients and provide therapeutic options.
