[Patents to Retail](#)

In 1998 our first patented product came about. The need for organizational tools and products that were unique and would fit any drawer, cabinet, and closet. We now have a successfully large line of organizers and storage for your home. But that's not all we produce. We have expanded our product line which includes housewares, baby products, shelving, apparel, pet products, sporting goods, cell phone accessories, novelties, and much more. Our company is about quality, not quantity. We took time to research and test products before bringing them to market.; Our products prove that we wanted to bring new and innovative ideas to the market.
