

Rona McKenzie, MD, an Internist with McKenzie Medical Associates

Get to know Internist Dr. Rona McKenzie, who serves patients in Fort Lauderdale, Florida.

New York City, New York Dec 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. McKenzie is a top-ranked internal medicine physician dedicated to providing state-of-the-art care for men and women throughout the Fort Lauderdale, Florida, area.

At McKenzie Medical Associates, she helps patients enjoy optimal health, offering preventive care services such as annual physicals and health screenings, as well as treatment of acute issues like flu,

strep throat, and urinary tract infections (UTIs). She also provides ongoing management of chronic conditions like hypertension (high blood pressure), diabetes, asthma, and Alzheimer's disease.

The doctor believes strongly in patient education, and she takes time with each patient to explain the health issues they face, the treatment or preventive options she recommends, and the steps they can take to improve their overall health as they get older. She welcomes the chance to forge long-lasting relationships with new patients from throughout the greater Fort Lauderdale area.

Back in the early days of her academic career, Dr. McKenzie earned her medical degree at Albert Einstein College of Medicine, Yeshiva University, and went on to complete a residency in internal medicine at Jackson Memorial Hospital in Miami.

Board-certified by the American Board of Internal Medicine, she provides patients with access to the most innovative and effective treatment options based on their needs to help them achieve optimal health and wellness at every age.

In addition to caring for patients at her private practice, Dr. McKenzie is also affiliated with Broward Health Medical Center and Broward Health North. Previously, she also served as an Assistant Clinical Professor at the University of Miami.

Internal medicine is the medical specialty dealing with the prevention, diagnosis, and treatment of adult diseases. Physicians specializing in internal medicine are called internists. They manage and prevent common and complex diseases by providing comprehensive care and promoting overall well-being.
