# Trade Brains Enters Financial News Publication Segment, Plans to Offer Reliable Equity News!

**Trade Brains News plans to offer a one-stop solution for finding and reading all the Indian Equity Market-related news. This news feature is completely free and will cover all the key daily business and equity news.**

**Bengaluru, Karnataka Dec 6, 2021 (Issuewire.com)** - Bangalore-based fintech startup, Trade Brains has recently entered the financial news publication segment where they plan to offer fast and reliable equity news to their readers. Trade Brains' platforms that already attract over half a million visitors per month, plans to expand their audience base with this new offering. This news segment will include the Latest Stock Market News, IPO News, Company Results, Corporate Announcements, Indian and Global Economy news, and more.

Commenting on the most current feature, Kritesh Abhishek, CEO & Founder of Trade Brains said, "Trade Brains News plans to offer a one-stop solution for finding and reading all the Indian Equity Market-related news. Whether it is daily share movements, corporate announcements, IPOs, or any other big stock market event, Trade Brains News has got all covered. Our brand is available since 2017 with lakhs of monthly readers and we wish to become a reliable source for reading market news in near future."

Trade Brains News plans to offer this news feature completely free and will cover all the key daily national, international, and business news, tracks market movements, and detailed coverage of significant business events on their website.

Further adding to this, Kritesh said, “Another magnificent feature by Trade Brains News segment is the particularly curated News by the Trade Brains Editors. Although we offer hundreds of news daily so that the readers do not miss out on any significant market event, a few top daily news are handpicked by our Editors for the busy readers.”

Peering into how Trade Brains News is different from the other news websites, Kritesh commented, “Trade Brains News is expressly focused on providing Stock Market and Business News and ignoring all the in-between irrelevant ones. By following Trade Brains News, the readers will be able to follow the stock market closely without missing any major event and by quickly accessing all the top news of the day. Further, our educational and analytics tool will complement the news feature to help investors make better and fast investment decisions.”

Talking about this company, Trade Brains is a totally bootstrapped startup with a mission to simplify stock market investing and trading. Currently, over 30 team members are working to simplify investing strategies to their users through different platforms that include Trade Brains Portal, Academy, Learnings apps, and more. Trade Brains also have a huge social media presence with over 245k followers on their Instagram page alone.
