The masked duo that goes by the names The Money Guy and The Tax Guy has inked a book deal with Don't Read in the Dark Publishing, leaking trade secrets about business like a band of thieves committing an inside job. Unquestionably, the pair are about to make a lot of powerful enemies for divulging all of the fiercely guarded classified intelligence, so they must conceal their identities at all times.

The first book in the series will be released on January 25, 2022, on the subject matter of the different types of corporations.
