

BAME Health Collaborative celebrates 2 years

UK Registered Charity

BAME HEALTH COLLABORATIVE

London, United Kingdom Jan 27, 2022 ([Issuewire.com](https://www.issuewire.com)) - BAME Health Collaborative, or BHC, is a registered charity in England and Wales. On February 6, 2022, BHC will mark its two-year anniversary. BHC would like to take this opportunity to thank all of our partners and supporters for their continued support over the last two years, and we look forward to many more. Several short films of people celebrating the charity for their work over the past two years would be included in the upcoming virtual celebration

Michaelene Holder-March, Founder and Chairman of BAME Health Collaborative Board, said: “This is an incredible achievement that highlights the hard work that every single member of the team puts in – it really is a "relay" team effort. Recognition from government agencies and corporate organisations on a national level illustrates the tremendous effect we have by promoting the quality of healthcare policies, procedures, research, treatment, and care provided by healthcare providers. Also, BHC promotes culturally sensitive services and referrals, as well as successful collaborations and networking that contribute to increased health awareness.”
