

## Best Interior design company in Bangladesh

**Dhaka, Bangladesh Jan 16, 2022 ([Issuewire.com](http://Issuewire.com)) - Introspace Construction & Consulting Ltd.** is a Privately held company in Bangladesh focusing on Construction Project Management Consultancy, Development, Implementation, and Quality Management.

**Introspace Construction & Consulting Ltd.** stands for transparency, independence, and social compliance. Through commercial sustainable models, we combine a contribution to the development of Bangladesh together with proving that business in Bangladesh can very well be transparent.

**Introspace Construction & Consulting Ltd.** is not linked to any brand, supplier, or company and

does not act as an agent to any third party. This principle makes the company independent and objective. We support clients in reaching their target and do not aim a relation of supplier-buyer, but we aim a supporting, supervising or managing roll on behalf of the client who wishes to reach a target. Through this model, **Introspace Construction & Consulting Ltd.** is repeatedly proving that its involvement pays for itself.

**Introspace Construction & Consulting Ltd.** has an extensive combined working experience in Bangladesh, with an ideal mix of European quality and budget control.

The core Services of **Introspace Construction & Consulting Ltd.** are:

- \* Construction Project management and Consultancy
- \* Architecture design and solution
- \* Cost consultancy and Value engineering
- \* Interior design and implementation
- \* Engineering procurement
