

Bhaskaracharya Pratishthan & Rubiscape sign MOU to set up a COE in AI-ML & Mathematical Research

Pune, Maharashtra Jan 27, 2022 ([Issuewire.com](https://www.issuewire.com)) - An Educational & Research Institute in Mathematics (www.bprim.org) and Rubiscape Pvt Ltd – India's first unified Data Science product company, (www.rubiscape.io) have signed a wide-ranging MoU that aims to harness the mutual strengths in Mathematical & Statistical Research, Technology R&D, Skill & Competency Development, and Innovation Incubation areas. As part of this MoU, the two organizations would be working together in the fields of Decision Sciences and Mathematical Research, Artificial Intelligence & Machine Learning with Rubiscape technology and their industry applications.

Addressing the session Dr. S. A. Katre, Custodian, BP said, "In 2021, the Bhaskaracharya Pratisthana has started a new Centre for Industrial Mathematics, to establish Industry-Academia collaboration where applications of Mathematics will play an important role. As a part of this goal, the Pratisthana has entered an MOU with Rubiscape to establish a Center of Excellence in Decision Sciences and Mathematical Research jointly".

Dr. Prashant Pansare, CEO of Rubiscape said, "Mathematics is at the core of Data Science, and Data Democratisation is at the centre of focus for every Digital Transformation. Our partnership with Bhaskaracharya Pratisthana is more significant with a clear focus on Decision Sciences and Mathematical Research. We will soon launch joint research fellowships and also a boot-camp program for young and aspiring youth thru this centre".

Dr. Ajay Deshmukh Director, Center for Industrial Mathematics said, "Centre for Industrial Mathematics Bhaskaracharya Pratisthana Pune and Rubiscape shall address the industry needs as well as facilitate science and technology academic programs through this initiative."

Rubiscape Product Advisory Council Chair and Chief Data Scientist Dr. Avinash Dharmadhikari, while addressing the gathering said – "Bhaskaracharya Pratishthan and Rubiscape joint venture on data science: decision making using numerical, text, spatial, videos data and specific industrial problem solving is a need of the hour. Focused training and certification programs will align industry and research community better". Dr. Dharmadhikari was a Head of Quality System and Reliability at ERC, TATA Motors, and a former Professor and HOD at the Department of Statistics at Pune University

The program was graced by Kedar Sabne (Director), Rahul Gadsing from Rubiscape, and Dr. V. V. Acharya (HoD at Mathematics Department of Fergusson College) from Bhaskaracharya Pratishthana.

About Bhaskaracharya Prasthithana - An Educational & Research Institute in Mathematics

Bhaskaracharya Pratishthana is a Pune-based Mathematics Institute founded in 1976 by the world-famous Indian Mathematician Prof. Shreeram Shankar Abhyankar for conducting research in Higher Mathematics. The Pratishthan is well known for its popular programs - Mathematics Olympiad (NBHM) and Bhaskaracharya Mathematics Talent Search Examination (BMTSE). From 2021, the Pratishthana has started a Centre for Industrial Mathematics, offering various application-oriented courses and research initiatives with the cooperation of many industries.

About Rubiscape

[Rubiscape](#)® is an award-winning low-code, versatile, and unified Data Science Platform for - Data Orchestration (RubiFlow®), Forecasting (RubiCast®), Machine Learning (RubiML®), Text Analytics (RubiText®), Computer Vision (RubiAI), Data Visualization (RubiSight®), and IOT & Edge Analytics (RubiThings®). Rubiscape has emerged as a platform of choice for many fortune companies and is a winner of the IP Innovation Award by CII & WIPO, The Graham Bell Award 2021, IEEE Start-up of the Year. With its ISO certified Labs & Development Center at Pune, Rubiscape® is featured under India's DIPP start-up program, a member of NASSCOM's Deep-Tech Club Rubiscape® is empanelled as a software OEM on Govt of India's GeM - eMarket Place.

Rubiversity – an EdTech arm to partner with universities offering a blended eLearning platform (software + courseware) for joint certification. Rubiversity enables institutions to set up innovation incubation, and a centre of excellence for AI & ML technologies.
