

Blockchain Platform Launches NFT Venture Access Pass

New York Alt Exchange (NYAX) Launches NFT Venture Access Pass

Myrtle Beach, South Carolina Jan 13, 2022 ([Issuewire.com](https://www.issuewire.com)) - New York Alt Exchange is pleased to announce the launch of its NFT Venture Access Pass. The Pass allows owners access to our exclusive community of hedge funds, private equity, and individual high net worth crypto investors interested in new investment opportunities within the blockchain industry.

NFT holders gain access to new crypto and NFT projects before they become popular with the

mainstream trading community.

Airdrops: In addition to deal flow access, NYAX Venture members will also have the ability to participate in exclusive 'airdrops' only available through the New York Alt Exchange.

Other benefits include:

- Private access to Telegram and Discord channels
- Direct communication with project founders
- Access to virtual investor roadshow presentations
- Live investor networking parties in New York, Miami, Myrtle Beach

Gaining access to our Venture Capital network is the newest service.

"We have had over fifty crypto currencies list in the last few months, and most of these firms want access to US investors and our networks". Frank Ferraro, Founder of New York Alt Exchange, states. "This is a great way to join our network and learn more about our global crypto community."

Users can connect to our website using the Polygon Network. We also have a tutorial to show a new user how to access the network by adding it to MetaMask. [Click Here](#)

About New York Alt Exchange

New York Alt Exchange (NYAX) is a blockchain aggregator of a new smart contract trading protocol. Our exchange serves as a portal for new altcoins to introduce their project to the investment community. Our proprietary protocol platform is a tier 2 DEX powered by Uniswap and currently connects to five digital wallets. Our platform offers a wide range of marketing services for companies wishing to list. Currently, we market new listings on our proprietary platform by adding the latest trading features and technology to the custom program we have created, combined with traditional investor relations, New York Alt Exchange can provide what other exchanges lack in terms of marketplace awareness and liquidity. In the future, we aim to provide a highly regulated exchange for select institutional and qualified retail investors through the implementation of strong Know Your Customer (KYC) standards and filings with regulatory agencies. <https://www.nyaltx.com>
