

CellStrat, an AI Platform startup, raises Rs 1.05 Cr (140K USD) Angel fund from global Investors

Wilmington, Delaware Jan 20, 2022 ([Issuewire.com](https://www.issuewire.com)) - **CellStrat**, a leading Artificial Intelligence (AI) Startup, has raised **INR 1.05 CR (USD 140K)** in a funding round from a clutch of Angel investors based in India, Japan, and the USA.

The company's AI Development Platform on the Cloud, **CellStrat Hub** (www.cellstrathub.com), is proliferating in the global developer community rapidly and user growth is going exponential. The company on-boarded **10,000+ AI developers and learners** already within 7 months of platform launch and this number is growing at a 50-100% rate Month over Month.

CellStrat has been co-founded by AI experts **Vivek Singhal** and **Vishal Singhal**. They have created a world-class AI Lab comprising of 400 AI experts as well as an extended **AI community of 15000 members** in about 4 years, bringing them to this juncture of a new Rocketship launch. The Founders say that this AI expert community is their key strength.

The platform was launched on the back of a 4-year effort of extensive AI Research and Development with help of a growing AI community, **500+ AI projects and webinars**, and one dozen advanced courses in domains such as Machine Learning, Deep Learning, Vision AI, Natural Language Processing, Reinforcement Learning, Generative Modelling, Graph Networks, etc.

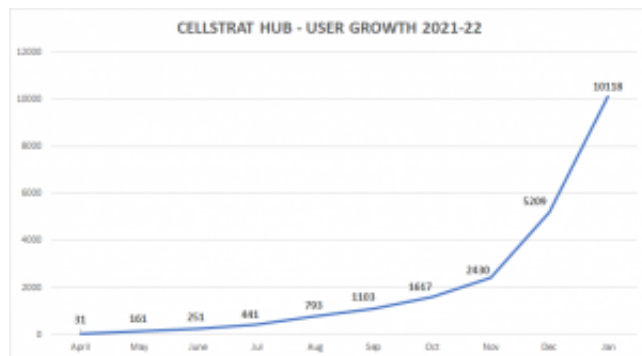

Today, CellStrat is a leading AI research and platform startup serving the global developer community with cutting-edge **AI Developer Tools and APIs**.

“The kind of faith our investors have shown in us will only help us in sticking to our commitment of making CellStrat a major global technological disruptor in AI and emerging technology segments”, stated Vivek Singhal, Co-Founder, CellStrat.

The funds raised will be used for Product Development and Cloud licenses, Go To Market strategy, and global market penetration.

The company's goal is to on-board **100,000 global AI developers within the next 6-8 months** and **1 million AI developers within 2-3 years**. The startup is continuing to raise subsequent rounds of funding and will work with leading Angels and Strategic Investors in this journey of global AI disruption!

CellStrat was recently recognized by **YourStory** as one of the top 50 startups of India - Tech50 2021 (<https://yourstory.com/2021/12/tech50-artificial-intelligence-cellstrat-building-developer-community/amp>)."
