

Cityinfo Services Property Portal Designs Office Spaces for Rent in Hyderabad

Bengaluru, Karnataka Jan 12, 2022 ([Issuewire.com](https://www.issuewire.com)) - Cityinfo Services Property Portal is a real estate company offering office spaces for rent across India. The office spaces for rent in Hyderabad designed by PCIS are so ideal that it has everything a business needs, like meeting and conference rooms, area for reception, kitchen, common area, phone rooms, wellness area, IT room, library, and rooms for webinars and recordings.

Hyderabad is preferred over the other cities because it is India's fifth-largest metropolitan city and one of the country's key outsourcing centers. It is the capital and most populous city of Telangana, a state in southern India. Hyderabad is the second best Indian city for doing business, ranks fourth in India in terms of per capita GDP, and has a large educated, young population interested in the service and IT industries.

In the previous year, India's real estate industry has proven to be incredibly durable. The year witnessed small- to medium-sized deals dominating space take-up with a share of about 80% of the market. With a combined share of 84 percent lead demand, Hyderabad dominated supply and accounted for over 80 percent of total office absorption. Also, housing sales in Hyderabad have increased by 13 percent this year. Similarly, with leasing activity, the Hyderabad office market is crafting its own growth story. Leasing activity is increasing on a daily basis as the demand for [office space for rent in Hyderabad](https://properties.cityinfoservices.com/office-space-for-rent-in-hyderabad/srp) is increasing. Many multinational corporations call Hyderabad their home, and that's why businesses make Hyderabad their ideal choice for office space and are reserving office space and putting their lease plans into action.
