Digiprint-usa.com is pleased to announce a new partnership with Britomatics USA LLC to distribute their line of [Graphtec Cutters & Plotters](#) in the Caribbean and Latin America.

For over 70 years, Graphtec has been on the leading edge of cutting & measuring solutions. Their machines are famous all over the world for their legendary durability. Graphtec proudly acknowledges its standing as a world leader in cutting and measuring device technology and is committed to further enhancing its competitive strengths, product features, performance, and drive for excellence.

This strategic partnership gives both companies access to more sales channels in 2022.

The Ecommerce Model will allow DigiPrint USA customers to place their orders accurately &

conveniently. This model will also give access to customers in the Carribean and Latin America to order the commonly used consumables like Blades and other spare parts easily and conveniently.

Digiprint USA is authorized to offer a complete catalog series of Graphtec Cutters and Plotters to Caribbean Islands and Latin America. This Partnership will enable customers to get hold of quality products at affordable pricing along with fast shipping. Complete series of products can be accessed at www.digiprint-usa.com
