## DJ Zman the New Age EDM Artist is Setting the Bar High With his Outstanding Music

The Indiana electronic music artist, DJ Zman is an emerging artist who has gained a solid fanbase and engraved his name in the music industry with his opulent track.

**South Bend, Jan 10, 2022** (<u>Issuewire.com</u>) - The young and prolific artist **DJ Zman** has taken EDM to another level. The charm of his songs is unmatchable. This new artist is continuously giving hit music. He has attracted all the listeners with his catchy music. He is an extremely talented artist, who is self-taught artist. He never went to any music school to learn how to make music; instead, he learnt to watch fellow artists do their job. This self-motivated artist mixed his first song at the age of eleven on his own phone. The perfect balance of electronic music and heavy bass music is admirable.

This Indiana electronic music artist has released two songs that have all the EDM lovers had immensely loved, the songs are, 'Uphold', 'Z Mix Vol 4'. Both the songs are equally beautiful but different in their aspects. People like his songs because of their versatility. The variant songs of him keep up the spark; otherwise, it would have been monotonous. The significance of his songs is they are enriched with intriguing music. He is a self-sufficient artist; he single-handedly composes, mixes and produces all his songs. His exceptional tracks of his have attracted an audience in a brief time span. His unique way of presenting is different from every other artist, so he makes a unique identity with his creations.

**DJ Zman**, South Bend, IN, United States artist has given a lot of songs in this short time. In the few years of his career, he has experimented with a lot of variations of music. apart from '**Uphold**' and '**Z Mix Vol 4**', some of his songs that has gathered a lot of ears, are, 'Z mix Vol 2', 'Incorruptible

(Remastered)', 'Incorruptible', 'Dream Chasing'. All of his songs are available on Sound Cloud. Visit his account and listen to his songs. Follow him on <a href="Instagram">Instagram</a> for more updates on his upcoming projects.
