Find The Root Cause of Symptoms

— GET TO THE ROOT CAUSE —

Bengaluru, Karnataka Jan 27, 2022 ([IssueWire.com](http://www.IssueWire.com)) - What do you think about a diagnostics or health checkup center? We know that a good diagnostic center is known for its accuracy in reports. Yes, being a diagnostic center, it is really important that your health checkup report has to be accurate. Functional Medicine Diagnostics aka FMD has been cracking from its own beginning. Our accuracy rating is 100% to date and also our customer approval rating is excellent. Being one of the best [diagnostic center in Bangalore](#), we want to go to the next step and make it one of the best diagnostic center in India. We have already started to serve our diagnostics services in Pan India. As for your knowledge, we tell you that we are not just a regular diagnostic center where you will visit and give your sample. Besides we are an online diagnostic center that provides all our diagnosis services at your home or at your comfort place. So to approach us, you will not visit us, just visit our official website and select the relevant health checkup package according to your symptoms or as your doctor says and book it. We will send you a health checkup kit, most of the tests are based on one prick sample so it is too simple to give your sample to us through our diagnostic kit. Then we pick up that kit and process your sample in our hi-tech lab and within just 2 days, we will send your health checkup report online at your registered email id or whatsapp number.

We started our journey with an aim of finding the root cause of your symptoms so that our tests are not just regular but much, much more than this. Including tests, we also give you free doctor consultation so that you will get a proper guide to cure your disease as soon as possible.

Approx we provide all kinds of tests from popular, regular to rare, we provide a few details about our specific and rare test in following, please take a look.

Full Body Checkup Comprehensive Package - FMD's Comprehensive package is one of the best full-body checkups with 139 parameters. That is absolutely much more parameter than any other. This

is our most bought package. Everyone loves it and has a 100% approval rating.

Full Body Checkup Master Plan - FMD's Master package comes with 129 parameters that are also very high than others at this package range.

Full Body Checkup with Vitamins - This is the most popular package in today's world because people want to know about the vitamins ratio in their bodies.

Full Body Checkup - This one is the smallest full body checkup package in FMD. Give you deeply detailed info about some very important parameters.

Gut Microbiome Test - As the name suggests, here we measure the microorganisms in your gut that help you turn to rotate the metabolic process in your gut. It's really important that you have all the microorganisms in your gut that you need. This is a stool-based test. We will send you a test kit with instructions. You collect the sample yourself and send it to the lab, where we analyze it and then send you your gut microbiome test report online to your registered email address.

Nutrifit Metabolism Analysis Test - This test will tell you how your stomach or metabolic process works. And so that you know how to improve it, our doctor will advise you in this regard free of charge. So book a metabolic analysis test with the Functional Medicine Diagnostic Test now.

Hair Minerals and Toxins Analysis Test - In today's world, [hair minerals analysis test](#) is the best method to check your health condition. It states very accurately about toxins imbalance in your body and your loved one if you want to check it. This test carries 29 parameters so that you can acknowledge your health condition with these 29 parameters.

Autism Profile Test - The Autism Profile Test is used to screen for an autism spectrum disorder, which is characterized by social and behavioral disturbances. This is one of the rare disorders that occurs mainly in children, but it can be cured. So do not be too hasty if your loved one suffers from it. In addition to neurological symptoms, ASD patients often suffer from gastrointestinal abnormalities, suggesting a role of the gut microbiota in the gastrointestinal pathophysiology of ASD.

These are some of our very specific and rare health checkup tests, they are very rarely available on some diagnostic centers including us. We offer these all diagnostics tests at your home at a very honest or best price. You can also compare with others, so that you can take your test from us without any doubt.

In the end, find the root cause of your symptoms by booking your health checkup test online from Functional Medicine Diagnostics aka FMD now visit www.fmdiagnosics.com.
