Get to know Radiologist Dr. George Delfin Reyes, who serves patients in El Centro, California

New York City, New York Jan 3, 2022 ([Issuewire.com](https://www.issuewire.com)) - A prominent radiologist, Dr. Reyes is affiliated with El Centro Regional Medical Center.

El Centro Regional Medical Center is an acute-care medical center, serving the health care needs of the Imperial Valley since 1956. After a \$44 million expansion, what started as a 34-bed licensed hospital has grown into a 161 bed, state-of-the-art facility. Its mission is to promote health and wellness through the delivery of innovative, high-quality patient care.

Graduating with his medical degree from the University of the Philippines College of Medicine in 1984, Dr. Reyes relocated to the United States, where he completed his residency in diagnostic radiology at the Michigan State University, Flint in 1998.

Following his training, the doctor attained board certification in diagnostic radiology through the American Board of Radiology (ABR). The ABR is a not-for-profit physician-led organization that oversees the certification and ongoing professional development of specialists in diagnostic radiology, interventional radiology, radiation oncology, and medical physics.

Radiology refers to the field of medicine that uses non-invasive imaging scans to diagnose a patient. A radiologist is a physician who uses imaging methodologies to diagnose and manage patients and provide therapeutic options.
