

## Glenn W. Errington, MD, an Allergist & Immunologist with Carolina Asthma & Allergy Center

Get to know Allergist & Immunologist Dr. Glenn W. Errington, who serves patients throughout the State of North Carolina.

**New York City, New York Jan 5, 2022 ([Issuewire.com](http://Issuewire.com))** - A North Carolina-based allergist & immunologist, Dr. Errington is affiliated with Carolina Asthma & Allergy Center, serving patients in the Ballantyne, Concord, and Rock Hill areas.

Serving the Charlotte area since 1952, Carolina Asthma & Allergy Center is the area's largest asthma and allergy practice made up entirely of board-certified physicians. They deliver patient-focused care to all ages, and are committed to educating the patient and caregiver, improving quality of life, and maintaining our own high standard of expertise and care. Their areas of specialty include food allergy, drug allergy, venom allergy, and asthma.

Completing his undergraduate education at Albion College, Dr. Errington earned his medical degree from the Wayne State University School of Medicine. He then went on to complete his internship and residency in internal medicine at Hutzel Hospital, and his fellowship in allergy & immunology at the University of Colorado Health Sciences Center and National Jewish Hospital.

Following his training, the doctor attained board certification in allergy & immunology by the American Board of Allergy and Immunology (ABAI). The mission of the ABAI is to improve the quality of medical care by the development and utilization of professional and educational standards for the initial certification and maintenance of certification of physician specialists in allergy and immunology.

To boot, he is board-certified in internal medicine by the American Board of Allergy and Immunology (ABAI). The mission of the ABAI is to improve the quality of medical care by the development and utilization of professional and educational standards for the initial certification and maintenance of certification of physician specialists in allergy and immunology.

Allergy and immunology involve the management of disorders related to the immune system. These conditions range from the very common to the very rare, spanning all ages and encompassing various organ systems. An allergist/immunologist is a physician specially trained to diagnose, treat, and manage allergies, asthma, and immunologic disorders, including primary immunodeficiency disorders.

Recognized as a Regional Top Doctor by Castle Connolly Magazine, Dr. Errington has been the recipient of the Top Doctor Award by Charlotte Magazine (2021, 2019), Patients' Choice Award (2017, 2014), and On-Time Doctor Award (2014).
